## Acknowledgements and Consents

By signing and returning this Product Transfer Request, you agree:

- You are entitled to one staff card only (applicable to BankSA employees only).
- The Bank can decline your request for a product transfer at any time. Your request to switch your card will be refused if you are in default under the terms and conditions applying to your existing card account.
- If the Bank approves your request, at the time of approval:
  - You will be sent details of the variation to your credit card contract, including the variation to your existing Financial Table, your credit limit (unchanged), and fees and charges for your new card(s).
  - You will also be sent the Conditions of Use relevant to your new card(s) which, together with the varied Financial Table, form your Credit Card Contract.
  - Your card(s) will be sent to you separately and will include information about how to activate and other information to help you get the most out of your new card(s).
- The terms of your existing Credit Card Contract will continue until you have accepted the variation. You have 30 days to accept the variation to your Credit Card Contract by activating your new card(s), otherwise the offer will be withdrawn and you will not be able to activate and use your new card(s) without re-submitting an application for switching your card.
- If you do not accept the variation within 30 days but still want to switch your card, any special offers or pricing that you received on the offer we send you for this card switch request may no longer be available when you re-apply and you may not receive the same offer, or be approved for a product switch at that time.
- Once you have activated your new card(s), the balance of your existing card(s) (including any undebited interest to-date) will be transferred to your new credit card account. Your current PIN will still work and your new card account will appear in Online Banking in the next couple of business days.
- Any fees or charges that are applicable to your old card account will continue to apply until you activate your new card. This includes the period between the approval for a card switch and activation of the new card(s). In this instance any anniversary date linked fees, for example the annual fee, will continue to apply. After you have activated your new card, the new annual fee will be applied to your account and will be charged following the first cash advance or credit purchase transaction (including balance transfers).
- The credit limit on your new card account will be the same as on your existing card account.
- The interest rate(s) and annual fee on your new card may be different to the interest rate(s) and annual fee on your existing card.
- You will destroy your existing Credit Card including additional card(s) after you've activated your new card(s), should you choose to activate it.
- The cardholder(s) (including any additional cardholder) on your new card(s) will be the same as on your existing card.
- Any Credit Card insurance (applicable to personal cards only) or Card Autopay arrangements set up on your existing account will be automatically transferred to your new account.

- If you accessed Phone and Internet Banking using your old card number, you may need to register your new card. Just call 1300 555 203, 24 hours, seven days a week, and it can be organised for you over the phone.
- You will need to organise for any recurring payments on your existing card account to be re-established on your new card account.
- BankSA will contact you if further information is required to process your switch request.
- If you have consented to receive communications relating to your account (including statements and notices of changes about your account) electronically on your existing Credit Card, that consent will continue to apply to your new Credit Card.
- If you have consented to receive Short Messaging Service (SMS) communications relating to your account on your existing Credit Card, you acknowledge that you will need to register your new Credit Card by following the prompts once you log on to Internet Banking and click on 'SMS & Email Alerts'.
