You must not commence processing MOTO transactions until you have received approval in writing from BankSA.

Transactions which are processed without prior approval may not be accepted.

Please note: MOTO (or card not present) purchases afford a degree of anonymity which fraudsters often prefer and carry a higher risk of fraud. A large amount of credit card fraud is committed in card not present situations and the volume of this type of fraud is increasing. It is the responsibility of the merchant to check that the customer is the true cardholder.

BankSA has produced a brochure entitled "Protecting your business against card fraud" which was developed to assist our merchants to understand the types of risks involved and the actions merchants should take to reduce the risk of loss.

If you do not have a copy of this brochure you can download it from our website at: banksa.com.au/merchant-terms
